

This is not about our paper. You set papers yourself, so you know what makes one hard and what makes one easy. We want **your** definition of 'difficult' — section by section — so the system can be set to it exactly.
Just tick — nothing to write. 14 questions, 2 minutes. Tick and send a photo, or reply on WhatsApp with only the letters — like 1-a, 2-b, 3-c ...
